When we think of folk music, most of us picture Pete Seeger singing "This Land is My Land" or Joan Baez singing "Barbara Allen." But this stimulating *Very Short Introduction* throws open the doors on a remarkably diverse musical genre, in a wide-ranging portrait that goes far beyond America's shores to discuss folk music of every possible kind and in every corner of the globe. Written by award-winning musicologist Mark Slobin, this is the first compact introduction to folk music that offers a truly global perspective. Slobin offers an extraordinarily generous portrait of folk music, one that embraces a Russian wedding near the Arctic Circle, a group song in a small rainforest village in Brazil, and an Uzbek dance tune in Afghanistan. He looks in detail at three poignant songs from three widely separated regions--northern Afghanistan, Jewish Eastern Europe, and the Anglo-American world--with musical notation and lyrics included. And he also describes the efforts of scholars who fanned out across the globe, to find and document this ever-changing music.
