It's Now Or Never Jill Steeples

Do not miss the new romantic and heart-warming story from bestselling author Jill Steeples, perfect for fans of Lucy Diamond, Sophie Kinsella and Fiona Gibson

'For Jen Faraday - Not to be opened, in any circumstances, until April 2016'

When smooth-talking Alex Fellows tells Jen Faraday he can predict her future – and leaves a note with the bartender for her to collect in one year's time – she thinks it's just a line. After all, how can a man she's known for only one night see what her future holds? Or maybe it's not too hard. Recently her life has been a series of things she hasn't done. She didn't go to college – family trouble. She didn't get married – dumped. And she hasn't yet handed in her notice at work – too scared! If she had to predict her own future, would it be 'More of the same'?

Or maybe not. After all, she's just had a passionate one-night stand with a man who is rich and ridiculously good looking and totally not her type. That was unexpected. And she is going to resign from her job... Things are already changing. Whatever that prediction says – and how Jen wishes she knew - perhaps this year is the year she takes control of her destiny!
