A Synthesis of Natural Resource Information for George Washington Birthplace National Monument (Technical Report NPS/NER/NRTR?2007/077) Gary B. Blank, Michael S. Martin, Criss Swaim, Hugh A. Devine, U.S. Department of the Interior National Park Service

The Synthesis of Natural Resource Information for George Washington Birthplace National Monument reviews information available through August 2006. In this document the current conditions at the Birthplace are described based on reports, inventories, past analyses, and discussions or document reviews held during the period from September 2005 through December 2006. Evaluation of conditions at the Birthplace leads to assessment of threats and vulnerabilities and identification of gaps in information. The document concludes with a variety of recommendations. General and specific status of each resource is the main focus and organizing principle for the document. A report card of resource status and trends is provided.
