Immanuel Kant

Religion and Rational Theology (The Cambridge Edition of the Works of Immanuel Kant) Immanuel Kant

This volume collects for the first time in a single volume all of Kant's writings on religion and rational theology. These works were written during a period of conflict between Kant and the Prussian authorities over his religious teachings. The historical context and progression of this conflict are charted in the general introduction to the volume and in the translators' introductions to particular texts. All the translations are new with the exception of *The Conflict of the Faculties*, where the translation has been revised and redited to conform to the guidelines of the Cambridge Edition.
