An engaging journey of love and spiritual awakening, Soul Sessions starts in current day Chicago, where Nick Dalton is a troubled yet highly successful Investment Banker with a gorgeous girlfriend and an extravagant lifestyle. Despite all his success, Nick falls into a deep depression after a life altering event. Just as it looks as though Nick's life might end in suicide, enter Katrina DuMont, a gifted psychologist who is expert in both traditional and new age methods of treatment for depression. Together, using past-life regression techniques, they explore several of Nick's prior incarnations, where he unwittingly discovers a beautiful woman who repeatedly appears as his lover and soul mate. To potentially reawaken his epic love affair, Nick is compelled to search for her in this lifetime. Thus begins an astonishing story of love and intrigue, where Nick stumbles across inconceivable answers to some of life's greatest mysteries ... and once again finds the course of his life altered.
