Star Trek: Voyager: Protectors Kirsten Beyer

Following the destruction of four fleet vessels at the hands of the Omega Continuum, the *U.S.S. Voyager* and *U.S.S. Demeter* set course for a region of the Delta Quadrant far beyond anything previously explored. Captain Chakotay is determined to prove to Starfleet Command that the fleet's ongoing mission is vital to Federation interests . . . and the key to doing so may lie in a distress call *Voyager* received nine years earlier but could not investigate.

Meanwhile, Vice Admiral Kathryn Janeway is recalled to the Alpha Quadrant for an evaluation period to determine her next assignment. Given the trauma she has recently endured, Admiral Akaar, Starfleet's commander in chief, is questioning Janeway's fitness to command the fleet. Janeway's primary concern remains the fleet's safety— for their mission to continue, she must find a way to secure the resources they require. But the uncertainty of her superior officers has left her powerless to act in their best interests.
