The Teenage Investor : How to Start Early, Invest Often & Build Wealth Timothy Olsen

A Wall Street wiz kid teaches teens all about investing

At the age of 8, when most kids look no further than baseball cards and video games, young Tim Olsen bought his first stock.

Now, with a diverse portfolio in hand, this 13-year-old wunderkind has written *The Teenage Investor*.

Olsen explains for teens, Gen-Xers, and their parents how to build wealth in the stock market by starting now. He then outlines a simple, step-by-step program to begin building a lifelong portfolio.

Tim's fresh perspective and wisdom-beyond his-years make *The Teenage Investor* a welcome relief from the standard "how to get rich" investment book. Writing with knowledge and insight of a market veteran, he tells young and first-time investors:

- How to invest in stocks, bonds, and mutual funds
- Unique wealth-building plans for young investors
- Methods for building a solid investment portfolio at any age
