Cat Country (Penguin Modern Classics) Lao She

Lao She's only work of science fiction is both a dark, dystopian tale of one man's close encounter with the feline kind and a scathing indictment of a country gone awry

When a traveler from China crash-lands on Mars, he finds himself in a country inhabited entirely by Cat People. Befriended by a local cat-man, he becomes acquainted in all aspects of cat-life: he learns to speak Feline, masters cat-poetry, and appreciates the narcotic effects of the reverie leaf—their food staple. But curiosity turns to despair when he ventures further into the heart of the country and the culture, and realizes that he is witnessing the bleak decline of a civilization.
