Excerpt from Willis the Pilot: A Sequel to the Swiss Family Robinson; Or, Adventures of an Emigrant Family; Wrecked on an Unknown Coast of the Pacific Ocean; Interspersed With Tales, Incidents of Travel, and Illustrations of Natural History

The love of adventure that characterises the youth of the present day, and the growing tendency of the surplus European population to seek abroad the comforts that are often denied at home, gives absorbing interest to the narratives of old colonists and settlers in the wonderful regions of the New World. Accordingly, the work known as the Swiss Family Robinson has long enjoyed a well-merited popularity, and has been perused by a multitude of readers, young and old, with profit as well as pleasure.

A Swiss clergyman resolved to better his fortune by emigration. In furtherance of this resolution, he embarked with his wife and four sons - the latter ranging from eight to fifteen years of age - for one of the newly-discovered islands in the Pacific Ocean. As far as the coast of New Guinea the voyage had been favorable, but here a violent storm arose, which drove the ill-fated vessel out of its course, and finally cast it a wreck upon an unknown coast. The family succeeded in extricating themselves from the stranded ship, and landed safely on shore; but the remaining passengers and crew all perished.
