Beware Of Dogs In The Forest: Victim For Life Book 1 (Journey With Death) J.J. Shelley

What do you do when your home is invaded? You defend your family and call for help.

Deepwell defends itself and holds out for the Legion as three heroes travel through the enemy occupied forest to come to the village's rescue. The heroes encounter treacherous politicians, thieves' guild, vampiric panthers, dogmen, and more questions than answers.

The trio of heroes are not your average adventurers. Whiskers is the scarred prisoner of war who spends all of his time fighting out of his armor wondering why he brings it along. Eey is a dangerous elven assassin who spends her time cooking, climbing trees, and meditating. And Justin is a young and inexperienced acolyte priest that is babysat by the other two and yet he wants to be in charge. Add to this host of characters three supporting people such as a sage female centaur, a wood elf covered in mud with pet shrews in his hair, and a blind cleric who heals everyone except himself and we have a party to discover betrayal, human sacrifice, and a well-intended genius black dragon.
