## Advances in Signal Processing and Intelligent Recognition Systems (Advances in Intelligent Systems and Computing)

This edited volume contains a selection of refereed and revised papers originally presented at the International Symposium on Signal Processing and Intelligent Recognition Systems (SIRS-2014), March 13-15, 2014, Trivandrum, India. The program committee received 134 submissions from 11 countries. Each paper was peer reviewed by at least three or more independent referees of the program committee and the 52 papers were finally selected. The papers offer stimulating insights into Pattern Recognition, Machine Learning and Knowledge-Based Systems; Signal and Speech Processing; Image and Video Processing; Mobile Computing and Applications and Computer Vision. The book is directed to the researchers and scientists engaged in various field of signal processing and related areas.

### **From reader reviews:**

#### **Frederick Warren:**

The guide with title Advances in Signal Processing and Intelligent Recognition Systems (Advances in Intelligent Systems and Computing) contains a lot of information that you can find out it. You can get a lot of gain after read this book. That book exist new know-how the information that exist in this publication represented the condition of the world today. That is important to yo7u to learn how the improvement of the world. This kind of book will bring you with new era of the glowbal growth. You can read the e-book in your smart phone, so you can read it anywhere you want.

#### **Patti Metivier:**

Don't be worry if you are afraid that this book will certainly filled the space in your house, you will get it in e-book approach, more simple and reachable. This Advances in Signal Processing and Intelligent Recognition Systems (Advances in Intelligent Systems and Computing) can give you a lot of good friends because by you looking at this one book you have point that they don't and make you actually more like an interesting person. This book can be one of one step for you to get success. This e-book offer you information that maybe your friend doesn't realize, by knowing more than different make you to be great folks. So , why hesitate? We need to have Advances in Signal Processing and Intelligent Recognition Systems (Advances in Intelligent Systems and Computing).

#### **Nicole Dilbeck:**

As we know that book is important thing to add our expertise for everything. By a publication we can know everything we want. A book is a set of written, printed, illustrated or even blank sheet. Every year has been exactly added. This reserve Advances in Signal Processing and Intelligent Recognition Systems (Advances in Intelligent Systems and Computing) was filled regarding science. Spend your spare time to add your knowledge about your scientific disciplines competence. Some people has various feel when they reading any book. If you know how big selling point of a book, you can truly feel enjoy to read a guide. In the modern era like currently, many ways to get book that you wanted.

#### **Edward Grimes:**

As a pupil exactly feel bored to help reading. If their teacher expected them to go to the library or make summary for some guide, they are complained.
