Excel Modeling in Corporate Finance (4th Edition) (Prentice Hall Series in Finance) Craig W. Holden

An approach to building and estimating models through the use of Excel.

Excel Modeling in Corporate Finance focuses on active learning by showing readers how to build and estimate financial models using Excel. This approach shows the steps involved in building models, rather than solely providing readers with completed spreadsheets.

This edition contains updated information and data on the Excel model in Corporate Financial Planning, chapter on Estimating the Cost of Capital, and the Excel model used to estimate firm valuation.
