Achieving better swimming is a matter of swimming efficiently. While proper technique is the foundation of good swimming, it is often difficult to isolate a technique problem by simply swimming laps. Stroke flaws can slow a swimmer's progress and can even lead to injury if continued over time. For these reasons, swimming drills have become a fundamental part of training at all levels of the sport. Drill practice is a swimmer's primary tool in developing better stroke technique. Drills allow a swimmer to concentrate on a single aspect of a stroke at one time. By providing specific, repetitive practice, and immediate feedback, drills teach a swimmer to maximize efficiency while minimizing effort. The book is organized into sections covering the four competitive strokes: freestyle, backstroke, breaststroke and butterfly. Each drill is explained step by step and accompanied by comprehensive diagrams. Drill feedback charts are included to help swimmers identify problems and make modifications. Underwater and surface photographs give swimmers optimal images to emulate as they practice. *The 100 Best Swimming Drills* is an excellent resource for swimmers at any level in the quest for better swimming.

Alberto Alvarez:

Do you like reading a e-book? Confuse to looking for your selected book? Or your book ended up being rare? Why so many question for the book? But almost any people feel that they enjoy to get reading. Some people likes examining, not only science book but novel and The 100 Best Swimming Drills or others sources were given know-how for you. After you know how the good a book, you feel want to read more and more. Science reserve was created for teacher or perhaps students especially. Those textbooks are helping them to put their knowledge. In some other case, beside science e-book, any other book likes The 100 Best Swimming Drills to make your spare time a lot more colorful. Many types of book like this one.

Lashunda McCloud:

As a college student exactly feel bored in order to reading. If their teacher inquired them to go to the library in order to make summary for some e-book, they are complained. Just minor students that has reading's internal or real their leisure activity. They just do what the trainer want, like asked to go to the library. They go to right now there but nothing reading critically. Any students feel that studying is not important, boring and can't see colorful images on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this The 100 Best Swimming Drills can make you sense more interested to read.
