Star Wars: The Complete Vader is the definitive book on the history, myth, and cultural impact of Darth Vader. From his early development in the first *Star Wars* film by George Lucas, to the new legends created in comics, videogames, and novels, to his ongoing appearances on everything from television commercials to bedspreads, *Vader* presents a complete view in all his incarnations as the Dark Lord of the Sith. Going beyond the films to cover his further adventures in the *Star Wars* Expanded Universe, the book combines new insight with exclusive interviews and photographs from the Lucasfilm Archives. Interactive reproductions of rare memorabilia fire the imagination, while pages packed with never-seen-before images explore the world's endless fascination with the notorious Darth Vader.
