In this collection of ten short stories, discover how mysterious and dangerous the world can truly be.... Small-town reporter Ry Tully meets the woman of his dreams, but has no idea what he's getting into. Tanna is blind, but can see in the presence of fireflies. Trained in parapsychology and a psychic, she's also a second-degree Wiccan priestess -- a witch, whose primary duty is to help those in need, living, dead, or otherwise. Together, Tanna and Ry face the dangerous, the absurd, and the deadly: receipt of a mysterious box containing something alive and quite possibly diabolical; a long-vanished local lake connecting with a global ecological crisis; a young boy who vanishes inside an amusement park attraction, whose ghost begs for help; and an obnoxious country star with a haunted guitar. Tanna and Ry also encounter some of their most vicious, diabolical, and dangerous foes, including a redneck who intends to sell his girlfriend to the devil; a serial killer with unexpected psychic powers; and the embodiment of hatred that leads to barbarous acts of murder. This edition also features bonus material.
