The Subcultures Reader

The Subcultures Reader

The only collected work of its kind in the field, *The Subcultures Reader* brings together the most valuable and stimulating writings on subcultures from the Chicago School to the present day.

All the articles have been specially selected and edited for inclusion in the *Reader* and are grouped in sections, each with an editor's introduction. There is also a general introduction to the collection, which maps out the field of subcultural studies.

Providing an essential guide to the subject, it enables students and teachers to understand how subcultural studies developed, the range of work it encompasses, and provides potential future directions of study throughout the field.
