This book is divided into two parts, Judaism and Political Praxis and Halakha and the Political Order. The first part is concerned with issues at the interface of Jewish political theory and practice: a Jewish philosophy of justice, the formulation of a practical philosophy based on traditional Jewish sources, and the need for greater political activism among Jews. The second part presents both systematic and historical studies. It includes the strategies used to determine the meaning and intelligibility of texts and norms in the rabbinic tradition, trends in the history of Jewish political thought, and the connectedness of law and morality in traditional Judaism."
