REVEL™ for *Writing and Reading Across the Curriculum* — one of the best-selling interdisciplinary composition texts for over twenty-five years — guides students through the essential college-level writing skills of summary, critique, synthesis, analysis, and research. The book is divided into three parts. Part one, “Structures and Strategies,” takes students step by step through the process of writing papers based on source material, explaining and demonstrating how summaries, critiques, syntheses, and analyses can be generated from the kinds of readings students will encounter later in the book—and throughout their academic careers. Part two, “Brief Takes,” bridges the gap between writing instruction and readings with a series of step-by-step exercises. The anthology in part three provides a wide range of carefully selected, cross-disciplinary readings, including two new chapters on rumor and advertising. Topics are both engaging and teachable, and students will appreciate how these topics correspond to their courses in the humanities, sciences, and social sciences.

REVEL is Pearson’s newest way of delivering our respected content. Fully digital and highly engaging, REVEL offers an immersive learning experience designed for the way today’s students read, think, and learn. By providing new ways to interact with their reading and regular opportunities to write, REVEL engages students and sets them up to be more successful writers—in and out of class.
