• 'Binge drinking and equal rights in Ancient Egypt... with her eye for the quirky; the only dry thing you'll find here is her wit.' THE DAILY MAIL (quote will appear on front cover of B-format). • 'Explores daily life, love and marriage, health and women's standing in society... a good introduction to the lives of ancient Egyptian women' ANCIENT EGYPT MAGAZINE

Women in Ancient Egypt is a detailed and fascinating study of the often overlooked contributions made by women of all classes to the social, and sometimes the political, history of ancient Egypt. Using evidence gleaned from written records, monuments, sculpture, tomb-paintings and the material found in tombs, including objects and human remains, Barbara Watterson has been able to build up an intriguing picture of the lives led by ancient Egyptian women, lives that were free of the restraints normally placed upon women in the rest of the ancient world, allowing them to exercise a full part in society, recognized as equal with men under the law. The types of occupations and careers open to women are described, as are their domestic and personal lives - marriage, health and childbirth; family life; running a home; clothing, jewelry and beauty preparations. The women whose lives are fleshed out in this book are largely the 'little people' of history, women who rarely exercised any power outside the domestic sphere. In contrast, however, the final chapter deals with those women, surprisingly few in number, whose influence on the political affairs of their country was considerable and, in some cases, legendary, with a small number of royal women able to ascend the throne of Egypt and rule as female kings.
