Art and Eternity: The Nefertari Wall Paintings Conservation Project 1986-1992

This is the final report on the conservation of the wall paintings in the tomb of Nefertari in the Valley of Queens, Egypt. This highly successful collaborative venture brought together scientists and conservators from all over the world to address the problems facing one of the most beautiful monuments of antiquity. The painstaking process that saved this cultural treasure in situ is documented here by those most intimately involved in its rescue. Other articles deal with the archaeology of the Valley, the iconography of the tomb, the original techniques and materials used by the artists, photographic documentation of the wall paintings, and literary sources for their study.
